Relative LED Unit Shipments

VEECO'S SEMICONDUCTOR OPPORTUNITY: SHRINKING DIMENSIONS REQUIRE 3D METROLOGY

- Veeco has the broadest line of 3D AFM non-destructive Metrology solutions
- Our goal is to be a step ahead of industry roadmap...90...65...45nm
- Top 10 semi device manufacturers have at least one AFM in line wafer fab
- We have launched new systems for specific applications in [Etch](#), [CMP](#), [CD control](#), [Photolithography](#)

26nm lines in R&D sample

Veeco Dimension X3D and 65nm scan

SEMICONDUCTOR...new AFM products increase Veeco's available market

- Advances in Semiconductor process technology for deep etch, CMP, CD control, photo lithography and 300 mm wafer size continues... requires increased use of In Line Veeco AFM Metrology for 130, 90 and 65nm feature sizes
- Record Q2 Auto AFM orders of \$13.7M included 13 systems and (3) multiple system orders
- Top 10 Semiconductor Device manufacturers now have at least one Veeco AFM in failure analysis or in line wafer fab use...at 90 and 65 nm they will require 5-10 per fab...\$250M to \$300M opportunity over next 4 years
- ***First half Semiconductor orders of \$32.3 up 70% vs '03
revenue of \$28.8 up 31% vs '03***

VEECO'S SCIENTIFIC RESEARCH OPPORTUNITY: MULTI-DISCIPLINARY RESEARCH TOOLS

Nanotechnology

- Nano Metrology
- Nano Manipulation

Materials Research

- Semiconductor
- Future Data Storage
- Polymers

Life Sciences

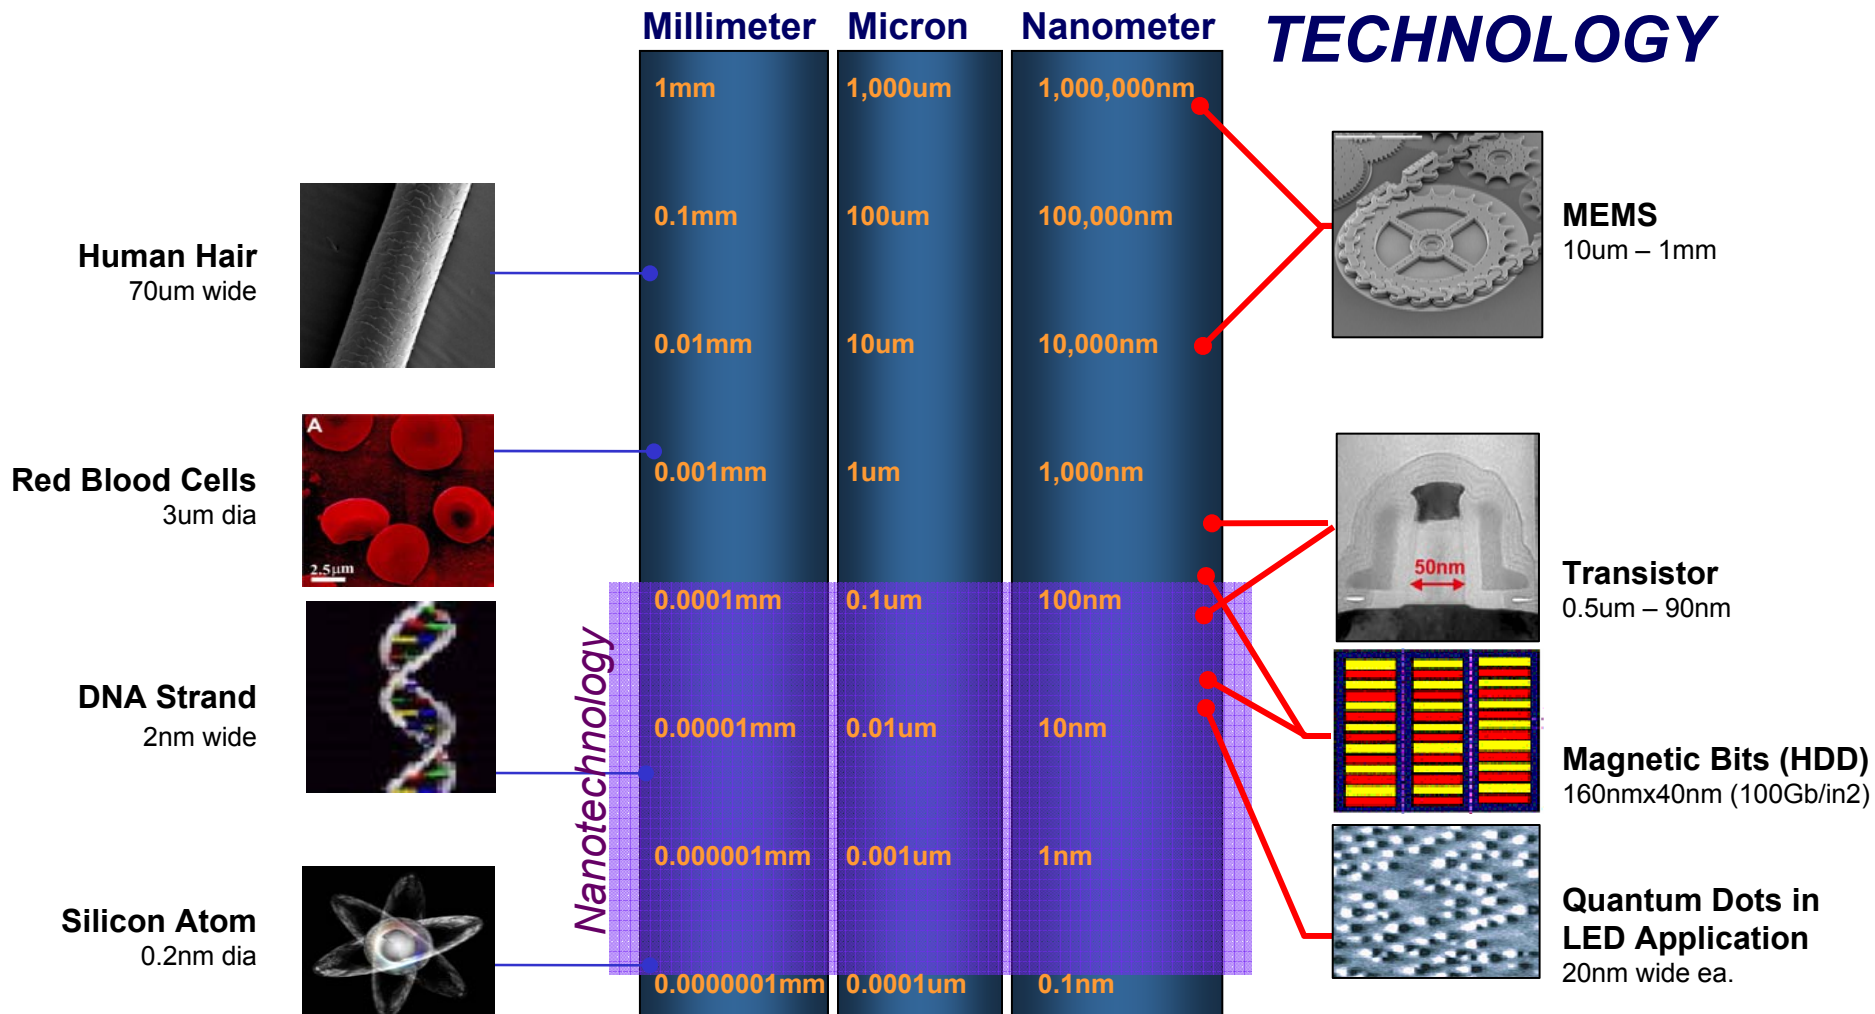

- Living Cells
- DNA
- Proteomics

INFORMATION TECHNOLOGY

“All of the world’s industry is in its path”

VEECO'S SCIENTIFIC RESEARCH OPPORTUNITY: AFMS ARE RESEARCH INDUSTRY STANDARD

- Veeco's high resolution Atomic Force Microscopes (AFM) and new Scanning Probe Microscopes (SPM) have become the "industry standards" for atomic imaging and molecular measurements – "picks and shovels" of nanoscience
- Largest installed base: 7,000 tools
- Worldwide support and applications centers including high-growth regions such as China
- We have a unique "breadth of line" in nanoscience tools...we were the pioneer and our goal is to remain the innovator
- ***First half orders \$48M flat
revenue \$56M up 2%***

Q3 2004 GUIDANCE *(provided on July 26, 2004)*

- Overall, we see continued revenue growth for Veeco in the September quarter and through the remainder of 2004. Strong backlog enables initial look at Q4 as follows:
- Q3:
 - Orders in range of \$125-130 million
 - Revenues in the range of \$105-110 million
 - EPS excluding amortization in the range of \$0.15 per share to \$0.18 per share
 - GAAP EPS \$0.01 to \$0.04 per share
- Q4:
 - Revenues in the range of \$115-125 million
 - EPS excluding amortization in the range of \$0.29-\$0.34 per share
 - GAAP EPS \$0.20 to \$0.25 per share

STRONG VEECO BALANCE SHEET

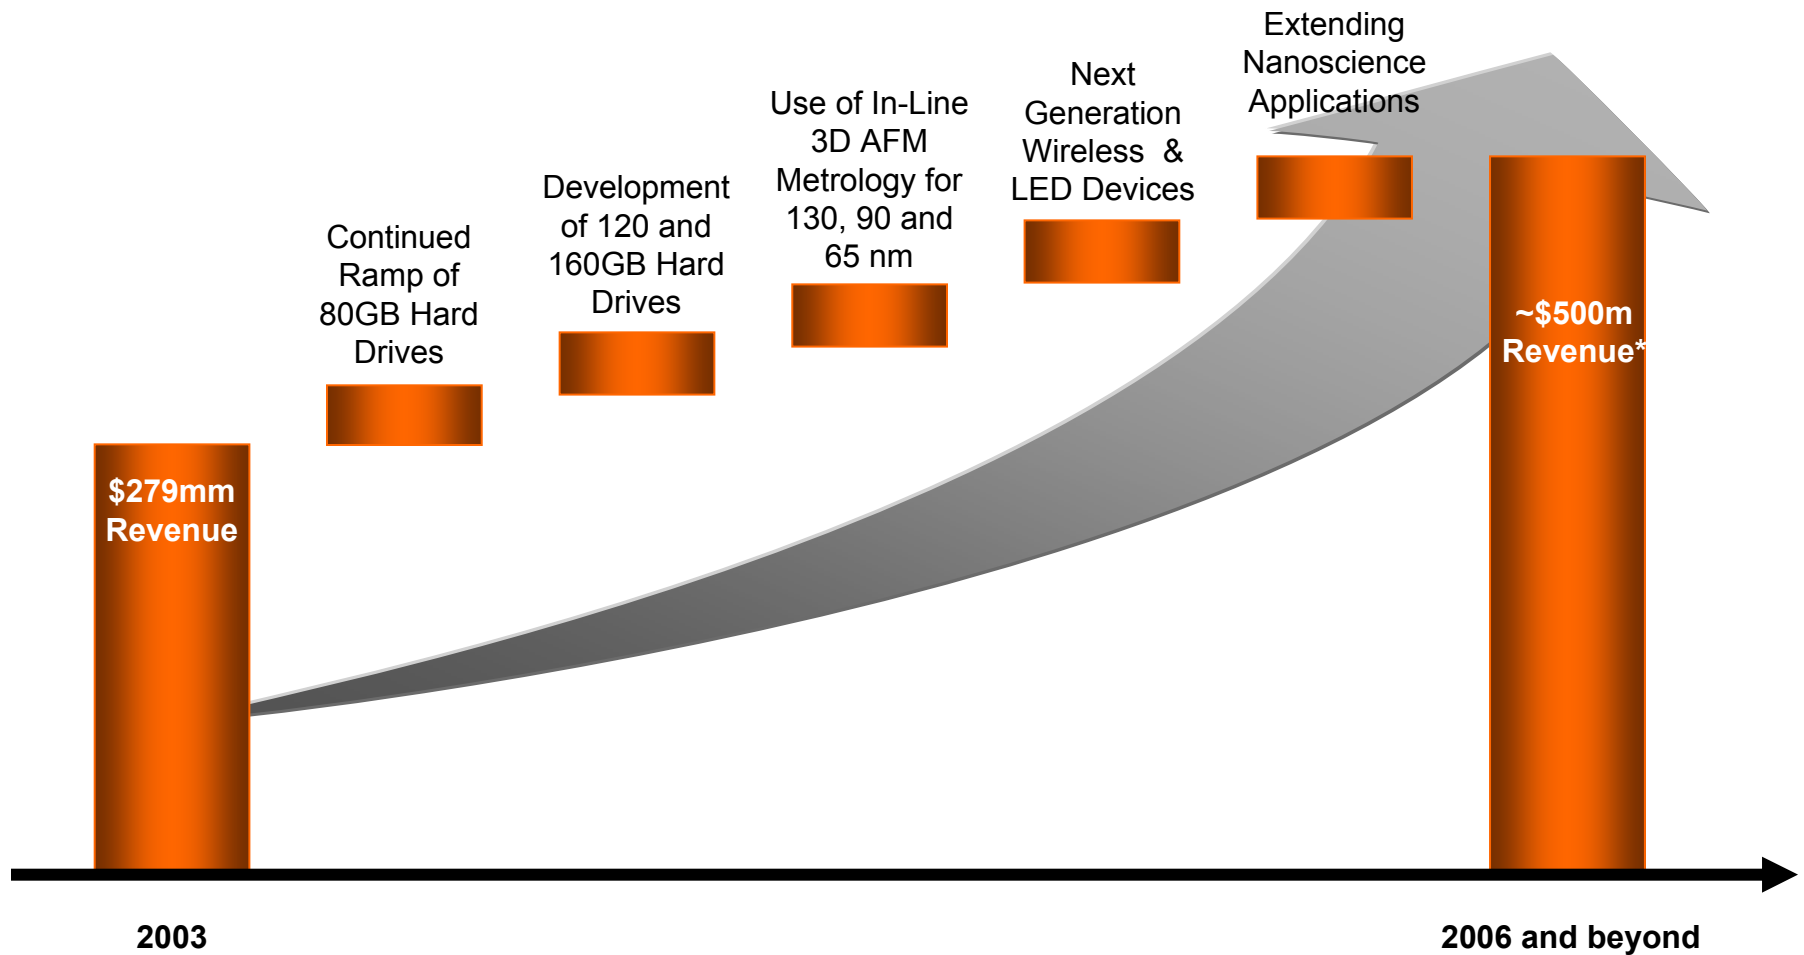

(\$ IN MILLIONS)

	June 30, 2004	Dec. 31, 2003

Shareholders' Equity	\$ 309.7	\$ 306.3

RECAP: VEECO INVESTMENT HIGHLIGHTS

- Veeco is at the convergence of wireless, digital consumer electronics
- Core products serve critical technology needs at world-class technology and research customers
- Enabling solutions address common challenges across multiple end-markets
- Stability and growth through diversity
- Niche leadership positions across all end-markets
- Comprehensive, integrated solutions for strategic markets
- Critical mass, distinctive technology and size and scope of a world class organization
- Strong financial results and growth prospects

ATTRACTIVE UPSIDE FROM NEW OPPORTUNITIES WITHIN OUR REACH

SAFE HARBOR STATEMENT

- To the extent that this presentation discusses expectations about market condition, market acceptance and future sales of Veeco's products, Veeco's future financial performance, or otherwise makes statements about the future, such statements are forward-looking and are subject to a number of risks and uncertainties that could cause actual results to differ materially from the statements made. These factors include the challenges of continuing weakness in end market conditions and the cyclical nature of the telecommunications/wireless, data storage, semiconductor and research markets, risks associated with integrating acquired businesses and the acceptance of new products by individual customers and by the marketplace and other factors discussed in the Business Description and Management's Discussion and Analysis sections of Veeco's Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q and current reports on Form 8-K .*

NOTE - The above reconciliation is intended to present Veeco's operating results, excluding certain charges and providing income taxes at a 35% statutory rate. This reconciliation is not in accordance with, or an alternative method for, generally accepted accounting principles in the United States, and may be different from similar measures presented by other companies. Management of the Company evaluates performance of its business units based on EBITA, which is the primary indicator used by management to plan and forecast future periods. The presentation of this financial measure facilitates meaningful comparison with prior periods, as management of the Company believes EBITA reports baseline performance and thus provides useful information.
